PCS/Pre-Separation Briefing Planned

The next permanent change of station/pre-separation briefing is July 23 at 1 p.m. in Patch Barracks building 2318, room 4. Service members from all branches and civilians who are departing within the next five months should attend.

All Army personnel separating from the service must also attend this briefing. Clearance information from transportation, medical, dental,

vehicle registration, housing and ACS will be discussed. Attendees will also receive a mandatory pre-separation briefing conducted by the Stuttgart Transition Center. Registration is required to reserve a seat. For info call DSN 430-4064/civ. 0711-680-4064.

IACS Registration Is Mandatory

All U.S. identification cardholders and installation pass holders and applicants in U.S. Army, Europe, except those leaving before Sept. 1, **must** register for the new Installation Access Control System. Sponsors do not need to be present for registration of family members. Those who fail to register will experience extreme delays when attempting to gain access to installations.

Registration hours are Mondays to Saturdays, 9 a.m. to 5 p.m. in the Patch Barracks Installation Access Control Office, building 2307. Applicants can register at any time, just don't forget to bring your ID card with you. For more info call DSN 430-4256/civ. 0711-680-4256.

Cost of Living Allowance Can Stop

When a soldier deploys, all allowances remain in effect. These allowances could include COLA, Basic Allowance for Subsistence and Basic Allowance for Housing or Overseas Housing Allowance.

However, if a family returns to CONUS and stays away longer than 30 days, COLA is changed to the "without dependents" rate. The commander or the soldier will have to submit

personnel action form, DA 4187, to change COLA entitlement when the family is away longer than 30 days and again when the family returns to USAREUR. Families departing for 30 days or less do not suffer a COLA entitlement interruption.

For more information call 430-5411/civ. 0711-680-5411.

Infant Car Seat Recall

The following recalled car seats have been sold by AAFES in the past and may be in the community. The Snug Ride Infant Car Seat was manufactured by Graco; Arriva and Turnabout Infant Car Seats were manufactured by Dorel.

The model number and manufacture dates are located on the instruction and warning label on the side of the car seat/carrier. Consumers should continue to use the Arriva and Turnabout as a car seat but should stop using it as a carrier.

For more information visit the Web sites www.gracobaby.com or www.djgusa.com.

DoD Upgrades Data System Database

The Department of Defense is upgrading the Defense Civilian Personnel Data System, to a new Web-based interface called Oracle 11i. With the Web-based DCPDS system, users will see some changes. User screens will have a slightly different look and feel, similar to the Army Knowledge Online Web site.

The DoD plans to upgrade the system beginning July 18. The change will result in approximately two weeks of downtime for USAREUR users. DOD expects the system to be available for use Aug. 1. Local Civilian Personnel Advisory Centers will be conducting training on the new software and the CHRMA Web site will offer a "Quick Start" guide for managers. For info visit www.chrma.hqusareur.army.mil or www.cpol.army.mil.

Force Protection Travel Requirements

All Department of Defense military and civilian personnel must be briefed on force protection considerations that apply to both their destination and their travel route. Before leaving on any trip, always check government force protection Web sites for up-to-date travel advisories. These Web sites are www.state.gov/travel (criminal/travel advisories/ warnings), www.cdc.gov/travel (types of diseases at that location) and www.odcsops.hqusareur.army.mil (FP page, threat levels by country).

Army Policy Changes Physical Exams

Under a new Army policy every soldier on active duty is required to have a physical examination on record no older than five years beginning at age 30. The change indicates additional medical examination requirements for soldiers age 40 and older will be performed during the first periodic examination at or after age 40. General officers are still required to have an annual physical examination.

This Army-wide change will be reflected in the next update of Army Regulation 40-501, Standards of Medical Fitness. Consequently, individual examination records in the Army Medical Protection System (MEDPROS), a medical readiness database, were updated to reflect the new requirements. For additional information about physical examination requirements, Army service members should contact their local primary care provider.

Construction Affects Patch, Panzer

Construction will continue on Patch Barracks July 14 to 31. The construction will affect buildings 2386, 2310 and 2311 and may close the parking lot in this area. The parking lot at building 2386 will not close. There will also be drilling at the School Age Services building 2312 and building 2319. For more information call the Installation Coordinator Dave Bowman, DSN 430-5450/civ. 0711-680-5450 or Ty Stearn, DSN 421-2345/civ. 0711- 729-2345.

Construction on Panzer Kaserne also takes place July 14 to 31. The street by the school, auto craft shop and installation coordinator office will be closed during this time. Other buildings affected by this construction are 2901, 2902, 2915, 2918, 2926, 2993 and 2935. Other buildings affected by construction and installation of cement manhole units are the Veterinary Clinic and building 2931. For more information call the Installation Coordinator Bill Metcalf, DSN 431-2683/civ. 07031-15-683.

Did You Know...

In 1999 alone, gas and charcoal grills caused 1,500 structure fires and 4,200 outdoor fires in or on home properties, resulting in a combined property loss of \$29.8 million.

Keep the following precautions in mind when barbecuing: When grilling on decks or patios, be sure to leave sufficient space from siding and eaves; always supervise a grill when in use; keep children and pets far away from grills; with charcoal grills, only use charcoal starter fluids and do not add fluid after coals have been lighted; with gas grills, be sure that the hose connection is tight and check hoses carefully for leaks.

Upcoming Closings and Changes

Panzer Kaserne alteration shop will close from Aug. 4 to 29 for annual vacation. The Patch Barracks alteration shop will be open during this time.

The Robinson Barracks Thrift Shop is closed July 18 and 19. The shop reopens July 25.
